

Master Line

Master 2720

FEATURES

- low method of construction
- compact and powerful
- precise guide tracks in stop, carriage and blade cover plate
- motor with double ball-bearing blade transmission
- cool surfaces with air cooling system
- a closed blade cover plate
- Piezzo switch technology indestructible and waterproof
- high-quality plastics unbreakable and chemical-resistant
- a closed rubber frame for a solid state
- relaxed work by optimal sliding properties - **Cera³**
- ergonomic operation of the end-piece holder with swiveling handle
- smooth running carriage - internal guide
- no adhere of the cutting material - **Cera³**
- plain and everywhere exposable surface
- free running blade
- carriage, blade cover plate and scraper are removeable
- special- high performance blade with narrow blade sheath - **Cera³**

TECHNICAL SPECIFICATIONS

Voltage	230 oder 400 V~
Motor power	300 Watt
Operating period	Continuous run
Emission noise level	< 69 dBA
Blade speed	190 RPM

Blade size	270 mm
Slicing thickness	0 - 15 mm
Slice size	230 x 167 mm
Carriage dimensions (LxW)	230 x 250 mm
Footprint (LxW)	470 x 370 mm
Outer period (LxWxH)	540 x 510 x 390 mm

Weight	25,2 kg
Warranty	2 years

Accessories
 2-step blade sharpener
 Special oil
